PASTRYMATE™ TABLE TOP REVERSIBLE SHEETERS

- Body of the mixer is made of steel.
- Work all kinds of dough, even of very thin thickness.
- Rolling cylinders are calibrated, polished and chromium- plated with hard chrome.
- Scrapers can be removed in just a few seconds for daily cleaning.
- Bearings are all screened to avoid contamination.
- A handy space saving device when the machines are not in use is that the tables can be folded up and on the UNI-MK600 model can be removed.
- The low voltage electrical supply can be controlled either by hand or by a foot operated pedal.
- The A Frame machine is mounted on wheels and is therefore fully mobile.
- 2 speeds conveyors avoid causing wrinkles on the pastry.
- Dough sheeter equipped with cutting station and couple of rollers for cutting croissants. Machine with two speeds.
- 220 volt 3 Phase or Single Phase.
